Mr. Akpan provided an overview of the metrics and Financials through May 2019. The Committee reviewed and discussed the information.

Acting Chair Hammock asked Mr. Akpan to provide a brief summary of the information presented to County Commissioners at their recent Finance Committee mid-year budget review meeting. Mr. Akpan stated that, for FY2019, the administration is seeing a gap in Cook County Health's budget in the amount of \$103 million. The administration received \$77 million from the State relating to Graduate Medical Education, so the gap is now reduced to \$26 million. The administration is actively working to identify further solutions to address the remaining gap of \$26 million.

The Committee discussed the subject of the backlog at the State in processing Medicaid applications. James Kiamos, Chief Executive Officer of CountyCare, stated that the backlog represents six (6) months worth of applications for approximately 100,000 members. The State is actively addressing this; however, he does not expect to see an impact on it until fall or winter.

V. Report from the Chief Financial Officer (continued)

Following the discussion of the metrics, Acting Chair Hammock requested that a new metric be added regarding provider payments versus capitation, so the Committee can monitor and see if the appropriate margin exists. Additionally, following the discussion of the metric of Days Cash on Hand, Chair Hammock requested that a metric be added regarding days payable.

VI. Recommendations, Information/Discussion Item

A. Introduction to Cook County Health's FY2020 Preliminary Budget (Attachment #4)

Mr. Akpan provided an overview of the Introduction to Cook County Health's FY2020 Preliminary Budget. The Committee reviewed and discussed the information.

- FY2020 Revenue Drivers
- County Health Fund Allocation
- FY2020 Expenditure Drivers
- Critical Success Factors
- FY2019/2020 Budget
- FY2020 Budget Calendar

Director Deer inquired regarding the criteria considered when determining where a clinic will be located. Dr. John Jay Shannon, Chief Executive Officer, responded that the administration considers the following: where the population need is; access, including transportation; where alternatives are; and market realities - where space is located at a reasonable price.

Director Richardson-Lowry requested information on projections from FY2017 going forward, along with the averages, to see where the organization hit the mark and where it did not. Additionally, as the organization continues to grow its ambulatory services and communities, and there are particular communities where a lot of growth is seen, she stated that it would be nice for the Directors to do some site visits, to inform their thinking.

PRIOR CONTRACT HISTORY:
No prior contract history.

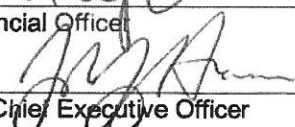

NEW PROPOSAL JUSTIFICATION:
The contract will assist with the insourcing, the development and management of the Care Management Information System. The system will be built by the CCH Clinical Research Unit (CRU). Post construction the system will be co-managed by the CRU and the CCH IT department. This is being created to support a care management system that is able to change in a timely manner in response to changes in process, reporting requirements or functionality. Early reviews indicate that it will support a more effective workflow for the care coordinators and tools for managers to support staff. Mr. Madison is uniquely capable of translating the Care Management Unit's requests and needs into the programming language that will allow the CRU to build the system in an efficient and effective manner. He will also assist in documenting how work flows through the programming and how the system is built, which prior Care Management system contractors have been unable to accomplish. There are plans for the system to automate tasks and workflows that are now manual.

This request is Sole Source due to specialized nature of Mr. Madison's multi-disciplinary expertise, and need to have system ready before expiration of the existing software contract in March 2020. Mr. Madison has agreed to bill at below his market rates.
